Inst/Lab	Accelerator Laboratory
Term	No term Limit until 63
Start of the term	As early as possible after hiring decision
Appl. Deadline	Application due date (to reach KEK) is before noon on Friday August 7, 2020 (JST)

---

### Job Description

The successful candidate will belong to the Accelerator Laboratory, and engage in safety works on surface processing of superconducting cavities of surface processing facility which is being developed at Superconducting RF Test Facility (STF) and Superconducting Accelerator Promotion Center (COI). Since surface processing facility uses strong acid, the candidate will keep chemical safety and environmental safety in cooperation with organizations inside and outside KEK. It is necessary to be fluent in Japanese for cooperation with the management department and for application work to public institutions. The candidate will also engage in R&D on surface processing as well as operation and maintenance of the facilities.

### Qualification

A person who has experience and knowledge regarding chemical safety and is recognized as capable of research and education.

### Method of Selection

After reviewing the application, candidates will be required to go through an interview.

The date of the interview will be indicated on the web when it is fixed.

(We will inform details of the interview later only to the applicants who passed our documentary screening.)
