

ACCL23-11 Postdoctoral Fellow

Job No.	ACCL23-11
Title	Postdoctoral fellow
Number of Job Opening	A few people
Inst/Lab	Accelerator Laboratory
Term	A Postdoctoral Fellow for 2 years, with the contract to be renewed in each Japanese fiscal year.
Start of the term	As early as possible after acceptance is notified
Appl. Deadline	Application due date (to reach KEK) is before noon on Tuesday, August 1, 2023 (JST)

Job Description

Accelerator Laboratory of KEK is responsible for design, construction, operation, and improvement of the J-PARC proton accelerators, SuperKEKB collider, Light source accelerators (PF and PF-AR), the electron-positron injector Linac, and R&D of relevant accelerators. It is also promoting extensive research on accelerator technologies for future projects such as next generation light sources and linear colliders, as well as application of accelerator and accelerator theory.

The successful candidates will be involved in either one of those accelerator projects and be expected to engage in the accelerator R&D work. We are looking for highly motivated young researchers.

Qualification

Applicant must have a Ph. D. obtained as of the deadline for application, or is sure to get Ph. D. prior to starting the job at KEK.

Method of Selection

After reviewing the application, candidates will be required to go through an interview.

The date of the interview will be indicated on the web when it is fixed.

(We will inform details of the interview later only to the applicants who passed our documentary screening.)

Salary

Base annual salary: 3,960,000yen

Salary payment method: The above base annual salary is paid monthly. Various allowances will be determined according to the KEK rules in addition.

Working Hours

Discretionary work system for professional work is applied and working hours will be deemed as 7 hours and 45 minutes per day.
