

IPNS 23-15 Assistant Professor

Job No.	IPNS 23-15
Title	Assistant Professor
Number to be admitted	1 person
Inst/Lab	Institute of Particle and Nuclear Studies (IPNS)
Term	Three years with the contract renewal every fiscal year
Start of the term	As early as possible after acceptance is notified
Appl. Deadline	The deadline (to reach KEK by) noon, Thursday, May 30, 2024 (JST).

Job Description

Institute of Particle and Nuclear Studies is seeking to fill a term-limited assistant professor position. The successful candidate belongs to the Belle II group and carries out the on-site operation and the upgrade of the Belle II data acquisition and control systems as well as required developments. The person will be dedicated to realizing long-term, stable, and efficient operation of the Belle II central data acquisition and control systems. The workplace is the Tsukuba campus.

Qualification

Applicants must have good skills in data acquisition systems for large-scale experiments, in particular in firmware development, digital electronics, or real-time software development, and must demonstrate capabilities for carrying out the described job.

Method of Selection

After reviewing the submitted application documents (see below), applicants may be called for an interview. The date of the interview will be announced through the web when it is determined, and will also be separately communicated to the applicants who will be interviewed.

Salary

Salary and various allowances are determined according to the KEK rules. (Annual salary system)
Base annual salary: 6,390,000yen
Supplementary allowance for commuting and housing when appropriate conditions are satisfied.
Social insurance (fraternal insurance, employment insurance, industrial injury insurance) is included in addition to the above.

Working Hours

In principle discretionary work system for professional work is applied and working hours will be deemed as 7 hours and 45 minutes per day.
